Broke Jail.

John Bray and Chase Avery, confined in the county jail in this place, made their escape on Friday night of last week. It appears that and one, two and three years olds. one of the iron bars which form the grating prisoner confined there at some previous time, and though the attempt had been made to replace it with a whole bar it was found a difficult job and abandoned. Bray and Avery succeeded in wrenching one end of this broken bar from its socket in the granite, and, with this, which was an excellent lever, they succeeded in splitting out two other bars from the stone in which their ends were but feebly embeded, and, making a rope of their bed clothes, they let themselves down trial for procuring goods of Mr Horton and Mr Mooney on false pretenses. Avery is the young man who hired a horse at Haverall to go four miles and was next heard of in Lower Canada. He calls his age 17.

have is not a fit place to put a prisoner age I have received is a sufficient guaranty of that we want to keep. If the gratings had success.

Business relations easily and almost inpercepwill be for our reputation as a county. Un- ty it will be safe to rely. der the present circumstances the fact that our jail is empty is not evidence that we are St. Johnsbury, April 28, 1863. free from criminals.

The Probate Court for the district of Essex. To all persons i terested in the estate of Maiachi R. Coe, late of Brighton, in said district, deceased intestate: Winiam R. Rosebrook, administrator and Abigail P. Coe administratrix, represents to said court that the personal estate is insufficient to pay the just debts and costs of settlement, and that it would be for the interest of those interested in said estate to have the homestead sold; and prays the court to grant them license and authority to sell The said application will be heard and decided by said court at the Probate Office in Lunenburg, on the 25th day of May, A. D. 1863.

May, A. D. 1803.

You are hereby notified to appear before said court at said time and place and object if you see cause to granting said license.
Dated at Lunenburg, May 4, A. D. 1863.
45.47 JONAH BROOKS, Judge. COMMISSIONERS' NOTICE.

THE peculiar taint or infection which ve call Schofula lurks in the constitutions of either produces or is produced by an en-- feebled, vitiated state of the blood, wherein that fluid becomes inthe vital forces in their vigorous action, and

leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits. the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and

these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of

in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores. Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases Female Weaknesses, and. indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aver's American At MANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken Made by Mrs C. C. CHILDS, in latest and most from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vest importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARHAA, although it is composed of of Surseparilla in alterative power. By its and you may protect yourself from the suffering and danger of these disorders. Purge out the foel corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its pecuhar virtues this remedy stimulates the vital functions, and thus expels the distempers

> an any part of it. We know the public have been deceived by many compounds of Narsaparille, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effeetual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Con-

of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that ? may be relied on to do all it has ever done.

Sold by all druggists every where.

the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary

sumption, and for the relief of Consumptive patients in advanced stages
